## Our Special Guest, Richard Moss, M.D.

Richard Moss, M.D., is an internationally respected spiritual teacher, visionary thinker, and the author of five best-selling books on transformation, self-healing, and the importance of living consciously.

For over thirty years he has guided people from diverse backgrounds and disciplines in the use of the power of awareness to realize their intrinsic wholeness and reclaim the wisdom of their true selves.

At the heart of Richard Moss' work is that emotional and spiritual maturity is always an expression of the depth of our embrace of ourselves, other people, and the ineffable mystery that is called God or the transcendental Source. These three are indivisible; at whichever one we start, we eventually must address the other two.

Dr. Moss' teachings are a contemporary psychology of consciousness that stands squarely in the lineage of the great wisdom traditions. He teaches a practical philosophy of consciousness that models how to integrate spiritual practice and psychological self-inquiry into a concrete and fundamental transformation of lives.

His books include: *The I That is We* (1981), *How Shall I Live* (1985), *The Black Butterfly* (1986), *The Second Miracle* (1995), *Words That Shine Both Ways* (1997). His newest book is *The Mandala of Being: Discovering the Power of Awareness*, 2007. His works have been translated into Spanish, French, German, and Danish and have sold more than 200,000 copies worldwide.

## Conference Music: Daniel Nahmod

Los Angeles-based Singer/Songwriter and Humanitarian Daniel Nahmod has performed his profound, heart-opening original music for over one million people in 45 U.S. states and Canada since beginning his music career in 1999... selling 70,000 CDs to date and receiving literally thousands of standing ovations along the way.

Daniel's poetic and evocative message of peace, love and compassion across all nations, cultures and faiths has found overwhelming acceptance

wherever he has performed.

Daniel has presented his spectacular music and message for nearly all of the world's major faiths, including Christian, Catholic, Muslim, Hindu, Buddhist, Jewish, Bahai, Mormon and Unity audiences, and has worked with some of the most influential and brilliant speakers and leaders in the world --- including Jean Houston, Marianne Williamson (*A Return To Love*), Deepak Chopra (*Seven Spiritual Laws of Success*), Mark Victor Hansen (*Chicken Soup For The Soul*), Arun Gandhi (grandson of Mahatma Gandhi), Yolanda King (daughter of Martin Luther King Jr.), Rhonda Britten (of NBC's "Starting Over"), and Neale Donald Walsch (*Conversations With God*). Fifteen of his songs have been recorded by over 25 artists in just the past three years; one of those recordings, *I'll Remember For You*, recently reached #56 on the CCM national charts, and his song *You Could Be Fred* appeared on a top-selling CD from Blue Note artist Jackie Allen.
